

PONY VILLAGE MALL IMPROVEMENTS and ENTRY REMODEL

North Bend, Oregon

Size: 5,000 sq. ft.
Design Completion: 1996
Contractor: Baughman & Sons, Inc.
Cost: \$300,000

Elevator and clock tower, storefront replacement, building extension, automatic doors and vestibules, roofing, stairs, and flooring. The project focus was to rebuild badly deteriorated structural elements and update the main entry to ADA requirements.

HGE is the architect-of-record for this large shopping center and is continually working on tenant space improvements.
